

Building Bridges: Romanian Business Club of Switzerland

Fostering connections and growth within our community

Romanian Business Club of Switzerland (C.A.R.E)

Founded in 2022, C.A.R.E is a non-profit association dedicated to supporting and developing the Romanian business community in Switzerland.

Our vision:

Building an united and prosperous business community that promotes collaboration, innovation and sustainable development.

Our priority goal is to facilitate connections between Romanian and Swiss businessmen to create profitable partnerships and projects beneficial to the Romanian entrepreneurial community.

Mission

01 Connecting professionals in Switzerland

Promoting business growth and networking opportunities

02 Swiss Business Culture Integration

Supporting the professional development and entrepreneurial education of our members.

03 Expanding reach through innovative partnerships and initiatives

Representing the interests of our members in relation to the authorities and other organizations.

Long term Objectives

01 Representation:

Ensuring a strong voice for Romanian entrepreneurs in Switzerland.

02 Promotion:

Increasing the visibility of Romanian businesses and promoting talent and innovation.

03 Connecting:

Facilitating meetings and events to encourage networking and collaboration.

04 Collaboration:

Establishing strategic partnerships with similar organizations and other economic entities.

05 Learning:

Organizing courses, workshops and conferences for the continuing education of members.

06 Assistance:

Providing specialized consultancy and business development support.

07 Involvement:

Supporting community projects and social responsibility initiatives.

Our Activities

Conferences:

Networking events and debates on economic topics.

Workshops:

Training sessions and personal and professional development.

Courses:

Educational programs for the development of entrepreneurial skills.

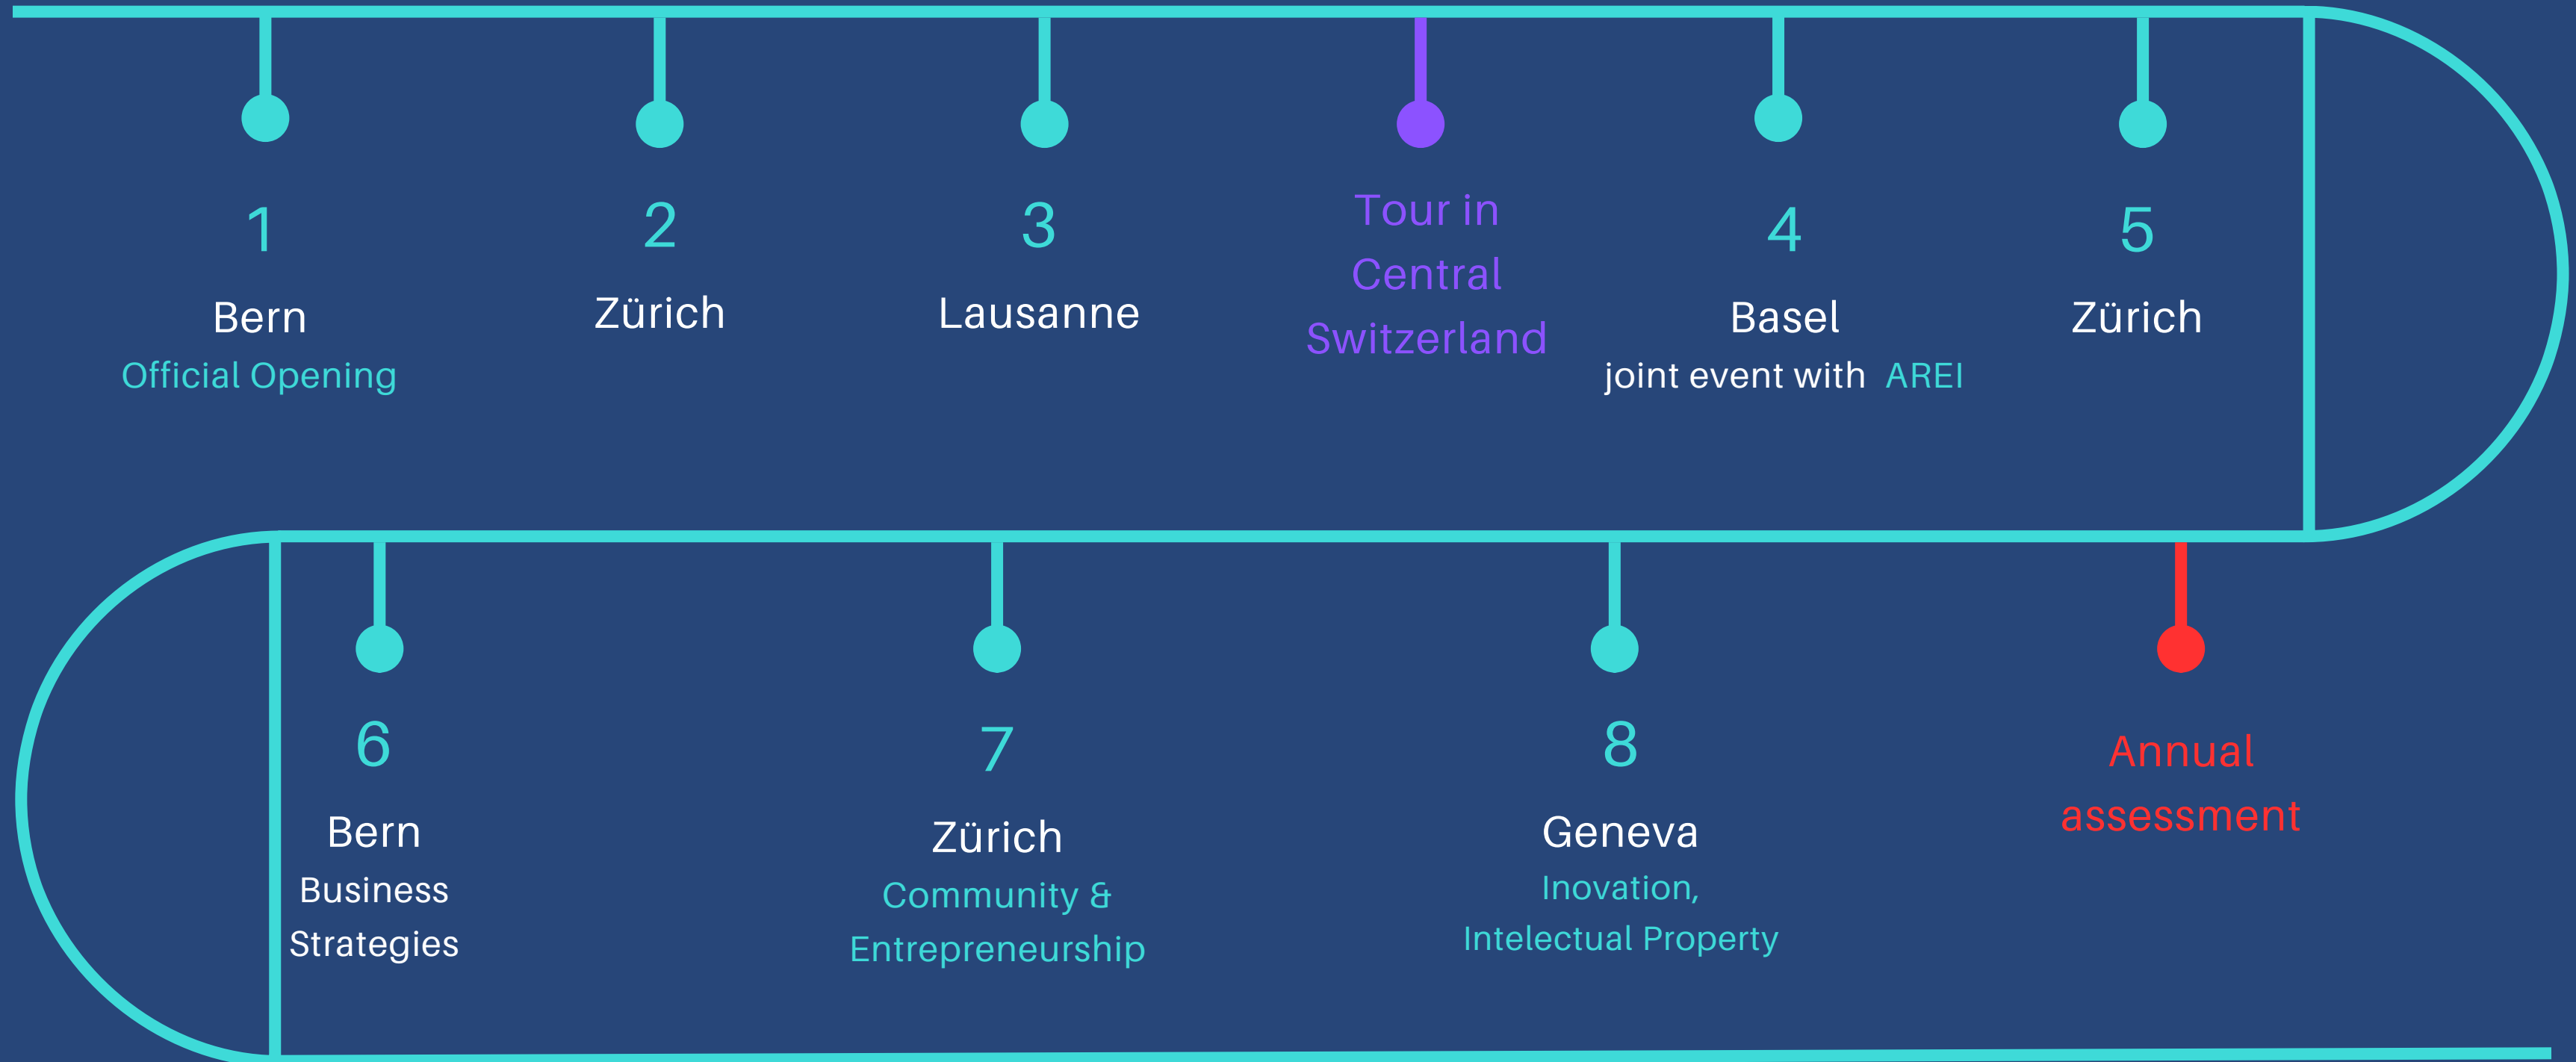

Representation Actions:

Participation and interventions in various economic forums in Switzerland, Romania and other EU states.

Our Future Plans

Organizational Strengthening:

Improving organizational structure and efficiency to better serve our members.

Specialty Consulting:

Extending consulting services to provide personalized support and expertise in various fields.

Expanding Collaborations:

Establishing new partnerships with similar organizations and associations to create opportunities for development and innovation.

New Events and Projects:

Organizing new events and initiatives that bring added value to our members and the business community.

Conclusions

- 01** • We are the only association of the Romanian community with such a **large coverage in Switzerland**
- 02** • We have ambitious goals and to achieve them, we need to strengthen ourselves numerically
- 03** • For now, we have **small and medium-sized entrepreneurs**, whom we must support
- 04** • The **Romanian** community is growing and it is good to take the step towards **Moldovan** community
- 05** • At the current stage, CARE has gained a degree of notoriety among the business community and we can develop **advantageous partnerships**
- 06** • Student integration can help shape the next generation of leaders and entrepreneurs, while students benefit from a solid platform for professional and personal development.
- 07** • Trust the executive team and mandate them to develop the association, **actively involving you** in the events they prepare and carry out
